2020 EXTRA

(Genius Mind)

The logistical organisation and arrangements for the WSC 2020 Kampala Round at Galaxy International School Uganda are in full swing. Many students have committed for participation, already and their preparation of our students is well underway. We request the parents who are still contemplating on consent for their children's participation to expedite the process.

We have designed a training programme code-named "World Scholars Cup 2020 Extra" with a schedule tailored to bring our participants' skills up to speed. Teams of designated trainers will be meeting all the participants on Monday, Tuesday and Wednesday in the Genius Minds room to train and fine tune our participants to ensure each child achieves their highest potential in this WSC 2020 Kampala Round.

Please accord our WSC participants every manner of support they need to unleash that achiever concealed but fully resident in them.

The aim of this event is to reach out to the African communities and provide a positive space to celebrate our rich diverse and dynamic cultural heritage. It aims at bringing out the best in the young pageant such as self-confidence, talents, commitment to public service, and drive for success. KG2 & KG3 MARKET DAY

KG2 and KG3 have had an exciting term learning about "Food". Our learning journey has taken us to visits to the canteen and kitchen stores as part of our entry point. The International Early Years Curriculum encourages community links and so for our international aspect. We requested parents to bring in a special dish from their countries and share it with us. This made us appreciate and show respect to different cultures.

For our exit point, we had a market day with a variety of fruits and vegetable stands. Our parents, teachers and students came along and supported our learning by buying some of the items displayed. Throughout this unit, the students have shown good enquiry and communication skills as well as respect for different cultures and it is this that has made it a great success!
