

Guiding Statements

We would like to greatly thank all stakeholders who took part in the survey meant to give us feedback about our guiding statements. Your contributions coupled with the recommendations from the Council of International Schools has enabled us to tweak the statements to align them more to the GISU purpose and direction on our journey of continuous school improvement. GISU has zeroed down to the following guiding statements as a result;

Motto;

Educating to Inspire Global Excellence.

Vision;

To be the best international school that empowers all students to be creative, self-reliant, respectful and moral individuals for a better world.

Mission;

To offer a contemporary and holistic education in a safe environment.

Core Values;

- Respect
- Innovative
- Critical Thinking
- Cultural Awareness
- Communication
- Confident

Thank you once again for participating to make GISU a better place for each of us.

End of Term I Exams, Reporting & PTC's

The end of term I - 2021/2022 academic year examinations are underway and set to end on Wednesday, 08 December 2021. The following day will see physical students having fun with a number of organized activities in order to shake off the academic load of term I.

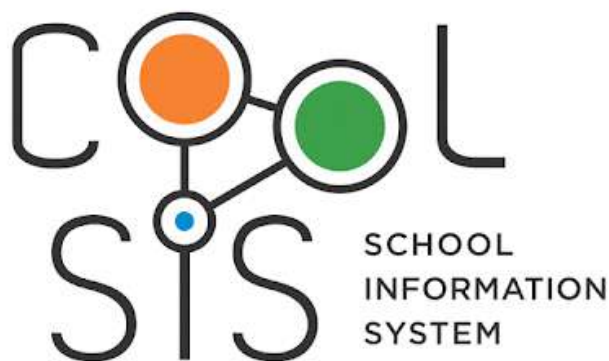

We look forward to receiving families to school on Friday, 10 December 2021 for report card picking and Parent-Teacher Conferences.

COOL SIS Behaviour leaderboard

We downloaded the CoolSIS Behaviour points at 5:00 pm on Wednesday, 01 December 2021 to give us ample time to get the rewards ready. Students who qualify for any reward will receive theirs on 09 December 2021 during the end of term assembly. After 01 December 2021, the given behaviour points will still be counted and contribute to the overall total for the second term.

We would like to take this opportunity to congratulate all of you for working hard to get these points. Please keep the same spirit in the other terms.

COVID-19 Awareness

Healthy Eating Storyboards

Eating healthy is very important during the Covid 19 pandemic. Fresh fruits and vegetables have loads of vitamins which strengthen our immune system. Next time you want to eat that chocolate bar eat a banana or a handful of grapes instead.

In Year 2 - Art class, students created storyboards about healthy eating. They thought deeply about this issue and expressed their ideas in these amazing storyboards. Well done, Year 2!

International Civil Aviation Day

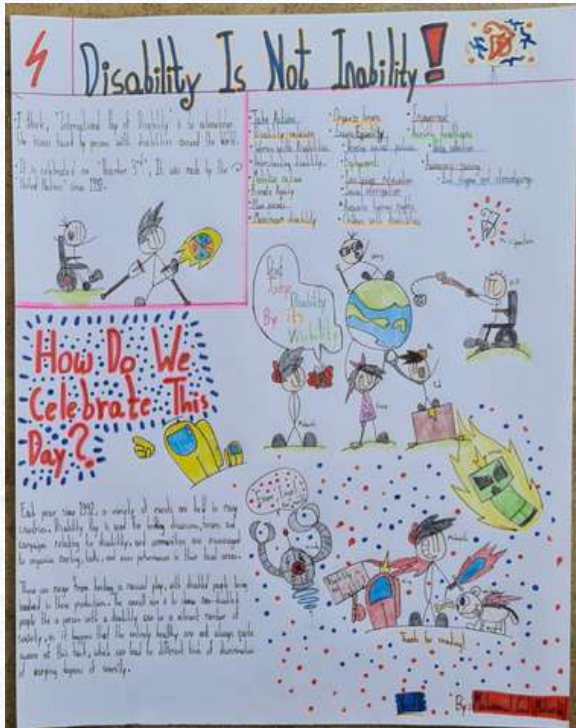

International Civil Aviation Day on December 7th generates awareness about the importance of international civil aviation. The annual observance also recognises the unique role civil aviation plays in creating a rapid transit network across the globe.

It includes flight activities conducted by the private and commercial centres. Civil aviation helps to improve the social and economic development of states. The United Nations recognises that international flight is an important component of global peace and prosperity.

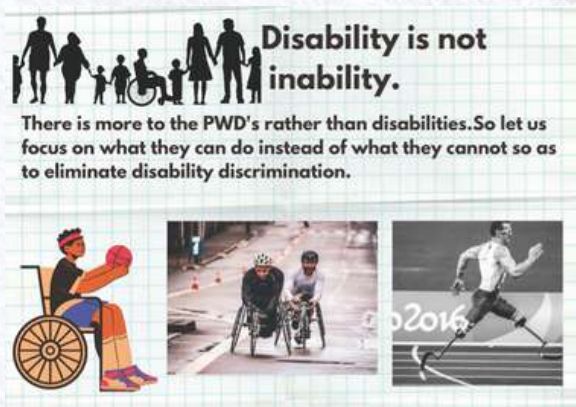

International Day of Persons with Disabilities

Here are some of the competition works that we received from our students for different categories. Thank you all for participating.

THERE IS NO GREATER DISABILITY IN SOCIETY THAN THE INABILITY TO SEE A PERSON AS MORE.
- ROBERT M. HENSEL

Extra-curricular Activities for Primary students

The Primary Coordinator has sent emails and WhatsApp messages to all primary parents with a link to the ECA selection form.

This year we are going electronic, instead of sending home hard copy forms. Please take the time to read the options in the form with your child and then select their first, second and third choice by following the questions on the Google Form. If you have any questions about it, please don't hesitate to contact Ms Gemma or Ms Julia. (primarycoordinator@gisu.ac.ug or n.julia@gisu.ac.ug.)

Thank you!

Human Rights Day

Human Rights Day is an international celebration of the Universal Declaration of Human Rights. The United Nations (UN) adopted the declaration on December 10, 1948. The document describes the basic rights of every human, such as the right to live freely and safely. The UN recognizes Human Rights Day every year on December 10. This year's theme is "All human beings are born free and equal in dignity and rights."

The UN helps to organize events to mark Human Rights Day around the world. Many countries hold cultural performances. People attend talks and meetings about human rights. The UN also may award a prize to people or groups that have promoted human rights.

Environmental Changes

What are environmental changes?

Environmental changes are disturbances of the environment often as a result of human activity, natural processes or animal interaction.

Human activity that involves the combustion of fossil fuels can bring about atmospheric pollution, which leads to greenhouse gasses getting trapped in the atmosphere. This can amplify the greenhouse effect which has a negative impact on the living organisms on the earth. Therefore this type of activity brings about negative environmental change.

The cleaning of the polluted environment for example; cleaning a lake can help marine life, removing plastic can increase the light that reaches the marine plants which would result in a more oxygen rich environment that is favourable for a wider variety of species ultimately increasing biodiversity which is a positive environmental change.

The animals can also bring about negative environmental change. Animal agriculture is one of the largest contributors to methane released in the atmosphere. This is one of the greenhouse gases that contribute to climate change which is ultimately a negative environmental change.

Animals positively affect the environment by dispersing seeds and the process of pollination, this helps the new growth of plants which could serve a purpose of creating a new habitat or a food source.

As shown above we are all affected by environmental changes and also have a hand in inflicting either positive or negative change.

This begs the question: What are we doing as global citizens to positively change our environment?

Mark Rodney Bumbo Wasimwamu,
Year 13

Next week's Snack and Lunch Menu

06.12.2021 MONDAY

SNACK	LUNCH	SALAD BAR	DESSERT
Vanilla Doughnuts Black Tea	Lunch { Meatballs with Baked Vegetable Noodle Rice Vegeterians { Cowpeas Sauce Bhindi Masala Soup { N/A	<ul style="list-style-type: none"> • Mixed Salad • Red Cabbage • Grated Carrots • Apple Tomato Slice 	Cocktail Pudding
